

COVID-19 PROCEDURES

We are excited to be hosting youth basketball this spring/summer and look forward to hosting your team. We will follow procedures and mandates in place by the governor of Iowa and/or local authorities. As we all know these things change on a daily, weekly or monthly basis so we will follow the most update to date mandates for each event.

We have concluded there is no reasonable way to guarantee that no one will contract the COVID-19 virus. Trying to adhere to a standard of absolute protection is simply not reasonable. We would either be held accountable for being far too restrictive or, more likely, not restrictive enough. It will ultimately be up to each attendee to decide whether they are comfortable attending games given the mitigation strategy. That decision will remain a personal choice that all attendees need to make.

- **MASK POLICY**

- **As of June 1, masks will not be required by the event for anyone in attendance or participating. Obviously those choosing to use a mask are welcome but it is not required for anyone.**

- **SOCIAL DISTANCING** - Throughout the weekend, please be aware of everyone's personal space. Social distance as best you can during your time in the facility, we know that always isn't possible but do the best you can.
- **BETWEEN GAMES** - We ask that if you have a break between games, please exit the facility to reduce the number of people there at a given time - grab a snack, drink or some food nearby before coming back for your next game.
- **SEATING** - We will have all seating available. Please spread out and when your game is complete, let parents of the next game find their seat
- **GAME TIME / ARRIVAL TIME** - We will NOT start more than a maximum of 10 minutes early. We are doing this so you can arrive 30 minutes prior to your game time and have ample time to be ready to play.
- **POST GAME** - Please do not stick around and watch other games being played. Play your game and then exit the facility (if you are having a quick team meeting, do it quickly or outside). There will NOT be handshake lines after games
- We are relying on coaches and parents to make the right decision on attending the event. Any athlete, coach or parent that has been in contact with COVID recently or has symptoms of COVID or is feeling sick should stay home and not attend the event.
- Hand sanitizer will be spread around the facility for use

We want to thank you for your cooperation. We strive to provide the best events on an annual basis and will do our best to provide the best events again during this time. We hope you enjoy your time watching your player play at our tournaments and thank your for choosing to attend our event!
